

Mason Jar Teacher Appreciation Kit

1. Start creating the kit by gathering the following items:
 - A 32oz mason jar with a wide mouth
 - 5-6 different colored markers or sharpies
 - 2 travel sized bottles of hand sanitizer
 - Individually wrapped candy or chocolate
 - \$10-\$15 Gift card to Starbucks
 - Hole-punch
 - String
 - Scissors

2. Print and cut out the labels on the third page of this document. We recommend using cardstock because it will hold up better during kit storage and transport. Tape or paste the round label to the lid's jar.
3. Use the hole-punch to make a hole in the corner of the rectangular label. Use the string to attach the rectangular label to the neck of the jar.
4. Use string to bundle the markers together
5. You can also use the string to bundle together the candy (pictured above)
6. Place the hand sanitizer bottles, marker bundle, and gift card into the jar and close the lid.
7. Contact the [project coordinator](#) to arrange a drop-off date and time at our donation site.

Teacher Survival Kit

Here's to a
great school
year! Thanks
for all you do.
We appreciate
you "a latte".
